Financial support for **apprentices**

Learn a skill for life with a home improvement apprenticeship and we will support you every step of the way.

---

We're providing financial support to apprentices in the home improvement sector.

---

From covering the costs of tools transport and living costs while you study, to even providing you with a free laptop, there are a range of ways we can help you.

## Need a bit of extra support while you work towards your apprenticeship qualification?

Here's how we can help:

- Regular financial assistance to help with living costs.
- Transportation grants to pay for season tickets or regular transport to and from training venues.
- Grants to pay for tool kits or safety equipment.
- Grants to pay for extra training modules to enhance their qualification.
- Access to a welfare benefits check to check benefits entitlement.

Are you on, or are about to start, an apprenticeship in the home improvement sector?  
Do you have less than £10,000 in savings?  
Are you on a low income?
